About ISES

ISES History

The International Special Events Society (ISES) was founded in 1987 to foster enlightened performance through education while promoting ethical conduct. ISES works to join professionals to focus on the "event as a whole" rather than its individual parts. ISES has grown to involve nearly 3,000 members active in 30 chapters throughout the world. Membership brings together professionals from a variety of special events disciplines including caterers, meeting planners, decorators, event planners, audio-visual technicians, party and convention coordinators, educators, journalists, hotel sales managers and many more professional disciplines. The solid peer network ISES provides helps special events professionals produce outstanding results for clients while establishing positive working relationships with other event colleagues.

ISES Mission

The Mission of ISES is to educate, advance and promote the special events industry and its network of professionals along with related industries.

To that end, we strive to...

- Uphold the integrity of the special events profession to the general public through our "Principles of Professional Conduct and Ethics"
- Acquire and disseminate useful business information
- Foster a spirit of cooperation among its members and other special events professionals, and...
- Cultivate high standards of business practices.
